TTEND TO THAT COUGH .- FROM THE convincing testimony which accompanies Dr. C. Williams' great Cough remedy we cheerfully recommend this most variable and scientific preparation to all persons interested, from the helpless invalid who is living without hope, to the suffering patient who is writining under the first attacks of that fell and relentless destroyer Constantion.

This superior preparation is remarkedly pleasant to the laste, and has the singular peculiarity for medicine, of imparting a delightful flavor, and is so speedy in its operations, that patients plainly feel its good effects in a few minutes after taking the first close. It will be found to be a quick and positive remedy for arresting the formation of Transactures on the Lewis, and removing those already formed, quick and positive remedy for arresting the formation of Te-scarcies on the Lenes, and removing those already formed, and also, to be the speediest and most effective of all medi-cinal agents in the care of all other diseases of the Throat, Chestand Longs.
